

Taking it to the Next Level

November 6-7, 2021

This 1-credit-per-hour Group Learning program has been certified by the College of Family Physicians of Canada for up to 6 Mainpro+® credits.

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada, and approved by the CPD Medicine Program, University of Manitoba for a maximum of 6.0 hours.

Participants should only claim credit for the actual number of hours attended.

The University of Manitoba CPD Medicine Program is fully accredited by the *Committee on Accreditation of Continuing Medical Education (CACME)*.

10:00-10:05

Welcome & Opening Remarks

Julia Carroll, MD, FRCPC, *President, CAAM*

10:05-10:45

Neuromodulators - Tik tox, tips and tricks

Speaker: Lucie Khouri, MD

Moderator: Julia Carroll, MD, FRCPC

Learning objectives: At the conclusion of this activity, participants will be able to:

1. Apply a personalized treatment plan specific to the patient's needs (based on age, ethnicity, functional anatomy, medical history)
2. Carry out advanced injection techniques
3. Recognize various off-label treatment options using neuromodulators (scars, microbotox, low face injections)
4. Comprehend potential pitfalls and how to avoid them

10:45-11:05

Group Discussion and Q&A

11:05-11:20

Break to refresh & opportunity to play trivia

11:20-12:00

Sound Science - UltraSound Guided Treatments - pre-recorded presentation

Speaker: Leonie Schelke, MD

Moderator: Rohan Bissoondath, MD | Q&A: John Rowen, MD, CCFP (EM)

Learning objectives: At the conclusion of this activity, participants will be able to:

1. Recognize tissue layering using ultrasound to identify anatomy
2. Indicate the advantage of facial ultrasound to prevent complications of filler injection
3. Comprehend how to utilize facial ultrasound in managing filler injection complications

12:00-12:20

Group Discussion and Q&A

12:20-12:45

Break to refresh & opportunity to play trivia

12:45-13:25

A Tear Free Approach to the Tear Trough

Speaker: Diego Delgado, MD, MSC

Moderator: Renier van Aardt, MD, (MB, ChB), CCFP

Learning objectives: At the conclusion of this activity, participants will be able to:

1. Distinguish the various contributing factors to the tear trough deformity
2. Recognize relevant anatomy of the tear trough
3. Formulate an individualized treatment plan for tear troughs (including product characteristics, quantity and technique used)
4. Identify and treat complications of tear trough injections

13:25-13:45

Group Discussion and Q&A

13:45-13:50

Closing Comments: Renier van Aardt, MD, (MB, ChB), CCFP
